Many forfeitures are about to accrue, from failure to pay taxes; many claims, otherwise good, will be barred by adverse possession of three years—that being the limitation; many titles of lands conveyed in the United States, cannot be admitted to record in Texas, for want of proper authentication. Owing to some one or other of these causes, the best lands are in a condition to be loat.

Having made it my business to become acquainted with all the laws relating to titles, and being determined to attend diligently to all claims confided to me, I require, in all cases, an advance in cash, sufficient to cover expenses of investigation. When that shall be done, I am willing to take a contingent interest in the lands for attention and services.

DENTISTRY, OR DENTAL SURGERY.

DENTIS FRY, OR DENTAL SURGERY.—
Dr. Van Patten continues at his pleasant and central location (a few doors west from Brown's and Coleman's hotels.) He pledges himself to perform any and every operation appertaining to his profession, as successfully, and with as little pain, as can be done in any of the eastern cities.

He inserts teeth of any desired shade or size, with or without gums, singly or in full sets, as cases may require; and usually secures them to the guns by that most cleanly and comfortable principle of atmospheric pressure. Yet, being fully competent to apply every known principle, his patients shall always have the benefit of the mode best adapted to the condition of their mouths.

Having been long established in Washington, he deems it unnecessary to expose patients' names for reference, but would suggest to strangers that they inquire of citizens.

The secret of preparing the Ring was discovered by Professor Harmance Christie, of London, in October last, and they have been recently introduced into this country by Dr. A.
